LACY ROAD, CITY HALL TO SUNFLOWER DRIVE, CLOSED STARTING MARCH 9

Lacy Road, from City Hall (5520 Lacy Rd) east to Sunflower Drive, will be closed to through traffic starting Thursday, March 9 for a reconstruction project. Local access will be maintained to all properties, but through traffic should seek an alternate route or follow the posted detour on Fish Hatchery Road, E. Cheryl Parkway, and Sunflower or S. Syene Road. See attached map.

The Lacy Road Reconstruction project will include burying the overhead power lines, new curb and gutter, underground utilities including water main, sanitary sewer, and storm sewer, a shared-use path on the south side, on-street, buffered bike lanes, new street lighting, street trees, and intersection improvements. A roundabout will be constructed at Fahey Glen, and concrete islands and turn lanes will be added at various intersections along the project.

Phase 1 of the project will begin on March 6 and includes the burying of the overhead power lines on the north side of the road. This work is being done by Madison Gas & Electric, along with other utility companies including ATT, Charter, and Windstream. During Phase 1, Lacy Road will be closed from City Hall to Sunflower Drive.

Phase 2 will begin in May and will include the road reconstruction work, underground water main, sanitary sewer, storm sewer, shared-use path construction, and the remaining road work. During Phase 2, Lacy Road will be closed all the way to S. Syene Road.
